Plaintiff-Appellant Pro Se

Plaintiff-Appellant Larry Klayman (“Mr. Klayman”) hereby informs the Court and all parties that, in light of the Court’s *per curiam* order of September 15, 2021 (1) denying the motion for en banc panel to consider 25-page petition for rehearing and motion for reconsideration by the full court and (2) denying Mr. Klayman’s 15-page petition for rehearing en banc, which was rendered without any factual and legal explanation, findings and analysis, Mr. Klayman will be expeditiously pursuing alternative forms of relief from this Court and its lower court, as well as to the U.S. Supreme Court on Petition for Writ of Mandamus and/or Certiorari if necessary.

Mr. Klayman’s constitutional due process, equal protection, and other legal rights have been violated by this Court and its lower court, and he will be pursuing all possible avenues of relief to remedy these violations. It is apparent that these courts ruled not based on the facts and the law -- without even a thorough much less any bona fide good faith review of the record in this sixteen (16) year old case -- but rather based on other extra-judicial considerations prejudicial to Mr. Klayman and his attendant rights.

Dated: September 15, 2021

Respectfully submitted,

/s/ Larry Klayman
