**RE: States Rights, State SOVEREIGNTY, Incremental Monthly State Nullifications to  
Restore Tenth Amendment Law and Order**

Dear Governor Kristi Noem:

I have been studying Economics (in the Von Mises/Austrian/Hayek persuasion), Financial Markets, World and American Economic History, the Science of governance, the lives, times and hand penned documents of the Founding Fathers, American Revolutionary War History, The Declaration Of Independence and its two dovetail documents of "the supreme law of the land", the whole Constitution and the entire Bill Of Rights, Constitutional and general Law, and the Art of War, north of ten hours a day since 2004, to this very day unless I am attending some Patriot event or mission.

I am associated with many Constitutional Patriot organizations. One of them is We The People Congress and We The People Foundation. I work directly with Constitutional Scholar Bob Schulz the Founder. I would note that after 18 years of litigation the SCOTUS has finally granted our Writ Of Certiorari. We should be before the Court within a few months. The primary Constitutional tort, that leads to several, is a decision on the meaning of the word "redress" in the last ten words of the First Amendment Law. We have submitted our last papers to the Court on or about May 21<sup>st</sup> this year. We have submitted over one hundred years worth of American historical record that proves that "redress" legally means "redress" until sometime in the early 1900s when the Republicans and Democrats seem to have conveniently lost their cognizance thereof, in favor of insurrections in growing violations against Tenth Amendment Law and Order, with the aim to use IRS stolen wages, salaries and property from the American people, to

as Paul Ryan told me in a private moment at our Wisconsin Madison State Capitol, when we in the Wisconsin TEA Party coalition gave the Republicans total power consisting of a strong majority in the House and Senate, and the Presidency, the Republicans can't obey the Tenth Amendment Law because in order to maintain power we need to; "buy the votes of Conservatives and Democrats. And, buy "hundreds of million\$ in Corporate campaign donations". As the doors of the Capitol opened to usher Paul and I up to the stage before ten thousand of my fellow Wisconsin TEA Party coalition members, in a "Victory Rally" I seriously got nauseous and somewhat tripped going up the steps of the stage. For here I was walking behind a Bernie Sanders Socialist who just told me the truth. The Republicans purposefully commit insurrection, thus Capital Felony Treason against Tenth Amendment LAW and ORDER, to BUY votes from Conservatives/Republicans, Democrats/Liberals and Corporate campaign donations. And, truth be told, THEY DO... The Republicans spent DOUBLE what the Democrats did during the years since Obama was elected, largely on Socialistic programs!! Hence \$30,000,000,000,000.00 in National Public Debt. Plus another \$225,000,000,000,00.00 in the UNFUNDED LIABILITIES of Socialistic Security and Medi-SCARE, increasing at the rate of \$1,000,000,000,000.00 PER MONTH!!! It's all in the Congressional voting record. These are Powers and SPENDING that are, by Tenth Amendment Law and Order; "reserved to the States respectively, or to the people". Now We Know Why!

I worked with the Ryan Bundy campaign for Governor of Nevada. I am very good friends with the Bundy Ranch, and have even worked on the Ranch some with the cattle, procurements at auction, and plowing fields, fixing and maintenance and roundup. Indeed, I just came up here, to talk with you, from the Bundy Ranch. They are very happy and supportive of me going on this mission to try to restore the Law. If just one State does this. All the rest will follow.

Moreover, as you will see in the documentary, neither Income Taxes nor Employer Taxes apply to the American People according to the many decisions by The SCOTUS. Why? Because according to "the supreme law of the land" known as the Tenth Amendment, all Powers and Spending not delegated to them, under ARTICLE I Section 8, nor prohibited to the States under ARTICLE I Section 10, are for the States to handle. This is supported by Federalist 45, 33, 10, 78 and others. The Federalist Papers are the ONLY REASON the States ratified The Constitution at all, in the first place.

I am a recovering Conservative/Republican having transformed into a Jeffersonian Constitutionalist.

## Koenigs will receive Ronald Reagan Medal

WASHINGTON, D.C. — The National Republican Congressional Committee (NRCC) announced this week that Karl Koenigs of Marinette has been selected as a recipient of the 2005 Ronald Reagan Republican Gold Medal.

U.S. Rep. Tom Reynolds, R-New York, chairman of the NRCC, said, "Mr. Koenigs has long supported Republican ideals, like debt reduction and tax reform as they relate to the growth and stability of small business in this country. I look forward to Mr. Koenigs's continued participation as a key member of the committee and offer my congratulations on the award."

Those who are selected to receive the Ronald Reagan Republican Gold Medal are invited to participate in periodic strategy briefings to provide input on economic and tax issues, as well as how to

build broad-based support for conservative initiatives within the business community. Recipients are also permanently listed in the ranks of the Republican Honor Roll at the NRCC headquarters in Washington.

The NRCC is a political committee devoted to building a lasting Republican majority in the U.S. House of Representatives.

The Business Advisory Council, established in 1995 by the National Republican Congressional Committee, is a group of conservative businessmen and women who advocate a progressive, conservative, pro-business agenda. The Washington-based organization pools the expertise of business leaders from across the United States to ensure small business issues remain a priority among government leaders.

### IN BRIEF

**Josh Jones to be recognized by city**

pushing for the designation over the past four months. Also helping are state and national

A world renowned movie producer, by the name of Aaron Russo, made a documentary on our organization, available on YouTube, called "America; From Freedom To Fascism". It will be the best 1 hour and 47 Minutes that you will ever invest your time in.

I served a 3+ week tour of duty at The Battle Of Bunkerville in 2014, at the Bundy Ranch. And, in “execution of the Laws of the Union” (Article I Section 8 clause 15), specifically the seven Constitutional laws that expressly prohibits the U.S. Government from owning or managing any land in any Territory that has been transformed by Act Of Congress into a Free, Independent and SOVEREIGN County that We The People call a State.

I also served a month of Duty at the “Harney County Resource Center for Public Constitutional Education”, aka the Malheur Wildlife Refuge recovery for the State of Oregon/the People of Harney County, as a member of The American Militia Freedom Forces of The Second Amendment Law, “... being necessary to the security of a free State ...” We operate under ARTICLE I Section 8 clause 15 of The Constitution to “execute the (Tenth Amendment, the FIRST currently existing Law, aka Organic Law The Declaration Of Independence and its two dovetail documents of supreme law aka the whole Constitution and the entire Bill Of Rights) Laws of the Union, Suppress (Republican, Democrat, POTUS, and Deep State) Insurrections (against Tenth Amendment LAW & ORDER), ...” Furthermore all fifty States are Free, Independent and Sovereign pursuant to The Equal Footing Doctrine and The Declaration Of Independence – See last paragraph:

*We, therefore, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.*

The Constiution changed only VERY SPECIFIC things, but not the sovereignty of each of our home Countries, called States.

Therefore, that brings me to the point. Each State has not only the Right to State nullification of any and all usurped Powers, Spending and unlawful Income and Employer Taxes of the people, in compliance with the many SCOTUS decisions, but according to Thomas Jefferson and James Madison our home Countries are DUTY BOUND to State nullify all usurped powers, etc... since the advent of what I have termed The 1913 TRIFECTA of Constitutional INSURRECTION and TREASON.

Now, let it be known that many of my fellow Economists, employing World and American Economic and governmental historical fact, to forecast that the collapse of the fiat Dollar is nigh at the door. The only thing that can stop the utter collapse of the Dollar is to restore all powers and all spending not delegated to the United States central Government, back as by Law are

“reserved to the States respectively, or to the people.” I want to talk to you about how South Dakota can potentially stop the collapse of the US Dollar. And, prevent Klaus Schwab and The World Economic Forum, the IMF, the owners of The Federal Reserve System, and their Trilateral Commission and Council On Foreign Relations from using the IRS to steal our lives, liberty and property, once there is no more U.S. Dollar (printed money is a violation to the money clause laws of The Constitution in the first place (Article I Section 8 clause 5 and Article I Section 10 clause 1) to the extent that “the American Middle Class will own nothing, and like it.”

Please be so kind as to grant my request for say 45 minutes of your time, Governor Kristi Noem. For I have reason to believe you could very well be America’s last hope. Why? Because I think you are a Jeffersonian Constitutionalist just like us. I can see from watching several videos of you, that when you took the Oath to Support The Constitution, especially Tenth Amendment LAW & ORDER, against ALL ENEMIES, both Republicans and Democrats and Their Deep State plethora of Executive branch alphabet soup of Agencies and Bureaus that are explicitly prohibited from even existing in the first place, pursuant to the Tenth Amendment “supreme law of the land” (IN PURSUANCE thereof; Article VI clauses 2 & 3), I BELIEVE you meant it in your heart.

I believe it is incumbent upon you and the South Dakota Legislators to grab the Deep State and the “Global Reset” One World U.N. style Socialist/Communist/Fascist “green hybrid” One World Government bull by the horns and bring him down, just like your mural kitty-corner from your office near the ceiling, before the Dollar collapses. For then it will be too late, when there is no money for any SD family to buy anything, resulting in panic looting and raiding giving Klaus Schwab and his megalomaniacal boys, just what they want.

Please give me 45 minutes. I have volumes of knowledge vital to save America via restoration of Tenth Amendment Law and Order and wrestling back our ARTICLE IV Section 4 “republican form of government”. A form of Central Government delegated with ONLY 18 enumerated powers and SPENDING privileges. And, NO MORE.

Anything else is simply SURRENDER and RETREAT to the forces of wickedness, evil Insurrection and Capital Felony treason against Tenth Amendment Law and Order. Once the Dollar collapses there is no possible way out of utter tyranny, despotism, under serfdom and vassalage. Please grant my gracious plea to listen to this last chance plan to save the Dollar from utter collapse. Time is of the essence.

Respectfully requested,

Karl P. Koenigs
